

How to get Chicago's best steaks without flying there.

There's only one place in Northern California that features Midwest prime quality, corn-fed, aged beef—from 14-oz. filets to 48-oz. Porterhouses—shipped by Chicago's best meat purveyor. And our guests say they're the best they've ever had.

Other daily selections from our tableside entrée cart include fresh seafood, French lamb chops, and more. All grilled to perfection. All well worth the price for a superior quality meal.

Seating is limited. Complimentary valet parking is provided. For reservations, call 692-3500.
